

WTPeSTORE™

ECOSTREAM UV

UV Water Disinfection Systems • ECS04L to ECS70L Range

A complete range of ultraviolet disinfection systems for point-of-entry and point-of-use water treatment — from small household taps to whole-house and light commercial flows.

PRODUCT RANGE

ECS-04L

4 LPM • Port: 1/4" BSP (M)

ECS-07L

7 LPM • Port: 1/2" BSP (M)

ECS-15L

15 LPM • Port: 3/4" BSP (M)

ECS-25L

25 LPM • Port: 3/4" BSP (M)

ECS-40L

40 LPM • Port: 1" BSP (M)

ECS-70L

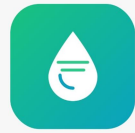

70 LPM • Port: 1.5" BSP (M)

KEY FEATURES

- ☐ Chemical-free disinfection — destroys bacteria, viruses & cysts using UV-C light
- ☐ SS 304L reactor chamber, pickled, passivated & electro-polished for hygienic operation
- ☐ High-purity fused quartz lamp sleeve (99.99% pure silica, UVT > 95%)
- ☐ Food-grade EPDM O-rings & seals (per US FDA 21 CFR 177.2600)
- ☐ Constant-current, high-frequency ballast designed specifically for UV lamps
- ☐ Built-in UV lamp failure indication circuit for safety assurance
- ☐ Compact models (ECS-04L / ECS-07L) supplied with a separate control unit; higher-flow models feature an integrated control head

COMMON TECHNICAL SPECIFICATION

Reactor Chamber MOC	S.S. 304L (Pickled, Passivated & Electro Polished)
Lamp Sleeve MOC	High Purity Fused Quartz (99.99% pure silica; UVT > 95%)
O-Rings & Seals MOC	Food Grade EPDM (as per US FDA 21 CFR 177.2600)
Operating Voltage	230V / 50-60 Hz (±10%)
UV Lamp Failure Circuit	Included

WTPeSTORE™

Lamp Power Supply Type	Constant Current, High Frequency (specially designed for UV lamps)
Max. Operating Pressure	75 PSI
Recommended Water Temperature	18° - 40° Celsius

MODEL-WISE FLOW & PORT SIZE

Model	Flow Rate	Inlet / Outlet Size
ECS-04L	4 LPM	1/4" BSP (M)
ECS-07L	7 LPM	1/2" BSP (M)
ECS-15L	15 LPM	3/4" BSP (M)
ECS-25L	25 LPM	3/4" BSP (M)
ECS-40L	40 LPM	1" BSP (M)
ECS-70L	70 LPM	1.5" BSP (M)

TYPICAL APPLICATIONS

- ☐ Domestic RO / water purifier UV post-treatment
- ☐ Whole-house point-of-entry disinfection
- ☐ Commercial kitchens, restaurants & offices
- ☐ Light commercial & small industrial process water disinfection
